➤ TryHackMe Profile    in nitinraghavendra

## OBJECTIVE

---

Seeking an internship to apply my Vulnerability Assessment and Penetration Testing skills in strengthening organizational security.

## EDUCATION

---

- **B.Tech C.S.E with Specialization in Cybersecurity**, IARE **Expected : 2027**  
SGPA (current): 8.60

## ACHIVEMENTS

---

- Ranked in the top **2%** on **TryHackMe**, with a global rank of **27,668**.
- Pwned multiple CTF rooms in TryHackMe, sharpening my penetration testing skills through practical challenges

## SKILLS

---

### Tools

- Kali Linux, Burp Suite, Metasploit, Wireshark, Nmap, OWASP ZAP, Hydra, John the Ripper, Nessus, Phish-Tool, etc.

### Technical Skills

- Vulnerability Assessment and Penetration Testing, Phishing and Malware Analysis, Python and Java Programming

### Soft Skills

- Learning Agility, Time Management, Leadership, Communication.

## Experience

---

### Co-founder/Penetration Tester

Postdev.in

Hyderabad, IN

Mar 2024

- Co-founded and led the development of PostDev InfoSec, a PTAAS startup that delivers cybersecurity services globally.
- Conducted in-depth market analysis on the operations and strategies of other PTAAS companies
- Organized and led a 5-day penetration testing bootcamp for over 100 students at my college.

## Projects

---

### Virtual Pentesting Lab

- Set up a virtual network in VirtualBox with vulnerable machines and a Kali Linux instance to simulate penetration testing scenarios.
- Conducted a full penetration test, including vulnerability scanning, exploitation, and privilege escalation, to identify security weaknesses

## LICENSES AND CERTIFICATIONS

---

**ISC2:** Certified in Cybersecurity (CC)

**Google:** Certified Cybersecurity Professional Certificate

**TryHackMe:** 6 x Learning Path Completions
